Severe bush fires started on 23 November in the two provinces of Haifa and Jerusalem resulting in the evacuation of 60,000 people.

In immediate reaction to the fires, several Participating States have provided assistance via the Union Civil Protection Mechanism.

10 amphibious firefighting aircrafts, 2 command and logistical planes and 70 people were deployed through UCPM

179 flight hours and 216 water drops were operated.

The last deployment ended on 30 November.
