**10 February 2015: World events**

**NIGER — Conflict**
- Over the last two to three days, active combats between Boko Haram insurgents and a mix of patrols from Niger and Chadian forces took place in Diffa. Although no report is currently available, significant causalities are reported among the civilian population. On 9 February, the Parliament of Niger gave a green light for the deployment of additional troops in the Diffa area.

**SOUTH SUDAN — High-level humanitarian event**
- A high-level event on the humanitarian crisis in South Sudan and its impact in the region was hosted by the UN and the East African Intergovernmental Authority on Development (IGAD) in Nairobi. The humanitarian response to the crisis in South Sudan requires USD 1.8 billion in 2015 to assist 4.1 million people in need. So far, USD 618 million has been pledged for the humanitarian response to the South Sudan crisis, including €70.5 million from the European Commission.

**SOUTH SUDAN — Food crisis**
- 2.5 million people remain food insecure at crisis and emergency level. There is particular concern for some areas in Jonglei and Unity States.
- In Lakes and Warrap States, the worsening food insecurity is linked to higher than usual flooding during the last rainy season.
- Food insecurity is expected to deepen according to seasonal patterns. The risk of a dramatic deterioration will be greatest between April and July.
